Резюме:

Offers comprehensive introduction to comparative Indo-European linguistics. This book discusses the culture and origin of the Indo-Europeans, the speakers of the Indo-European proto-language. It describes the sound changes, which makes it possible to follow the origin of the different Indo-European languages step by step.

*From the publisher:* This text-critical study of the Apostolos (all of the New Testament apart from the Gospels) of the fourth-century Greek father Athanasius of Alexandria has two aims in view: one analytical and one methodological. An initial review of Athanasius's life and writings and a survey of the Alexandrian text-type precede an analysis of Athanasius's text to determine its classification within the major New Testament text-types, and particularly its suspected Alexandrian character. The book also compares the results of methods traditionally used on the texts of the fathers with the use of an alternative and advanced method, multivariate analysis. Unlike quantitative and group profile analyses, multivariate analysis utilizes not just a single dimension but the full dimensionality of the source data.

Учебното съдържание на помагалото е структурирано в урочни единици, които включват кратки граматически статии в областта на морфологията, синтаксиса, въпроси на правописа и пунктуацията и основни проблеми на българската стилистика. Упражненията помагат за повишаване на лингвистичните и комуникативните възможности на студентите.

Резюме:

Книгата е предназначена за чужденци, студенти и специализанти, изучаващи български език

и култура, а и за всички, чиито интереси са насочени към усъвършенстване на социолингвистичната и социокултурната им компетентност. За да стане част от чуждата култура, обучаваният обменя или споделя определени социокултурни знания и правила за официална и неофициална реч, етикетни единици, свързани с различни тематични ситуации на общуване, и избор на синонимните им варианти със съответните стилистични и социолингвистични маркери, а също поддържането на определено общуване в избрана тоналност.

Речевите съобщения са набор от практики, предлагащи не само конкретни системи на фонетични, лексикални и граматични норми, но също и определени начини на общуване – невербални, като се има предвид моделите на паралингвистическата кинематика, отразяващи националнокултурното своеобразие на българската речева действителност. Усвояването на вербалните и невербалните компоненти на комуникацията и представянето им като система усъвършенстват социокултурните знания на обучавания, който избира определен начин на въвеждане на света и по определен начин да поддържа отношения с тези, с които влиза в контакт.

Дяловете Устна комуникация, Невербалност и етикет, Културни традиции са представени с базисна теоретична част и задачи-самооценка за определяне степента на комуникативната способност на изучаващите български език. Студентите се информират за български етикетни единици и тяхната уместна или непрепоръчителна употреба, за различни лингвистични и паралингвистични компоненти на речевата дейност при формално и неформално общуване. Освен това са включени и материали за типични български етнографски, фолклорни и културни традиции, както и образци на междукултурни различия. За създаването на тази книга авторите са проучили и използвали материали от книги, монографии, статии и доклади на най-авторитетни учени и специалисти в споменатите по-горе съответни области. От съществено значение е и опитът на авторите в преподаването на български език акто чужд, както и богатият архив със значителен брой анкети и интерв'та с чуждестранни студенти, изучаващи български език и култура.

Резюме:

The book presents a panorama of the extraordinarily rich and varied tradition of historical and apocalyptic literature in tenth- through seventeenth-century medieval Bulgaria. A number of Old Church Slavonic texts are described and analyzed, as both a critical edition and a translation with commentary. These texts include The Vision and Interpretation of Daniel, The Revelation of Pseudo-Methodius Patavensis, The Last Vision of Prophet Daniel, Prophet Isaiah's Vision of the Final Days, The Oracles of Leo the Wise, and Andreas Salos' Apocalypses. The Bulgarian tradition is analysed by examining not only the reception of Byzantine texts in Bulgaria, but also the reproduction and transformation of such texts, as well as the creation of an impressive number of original works, including Isaiah's Narrative, The Bulgarian Apocryphal Chronicle, Pandeh's Prophetic Story, The Story of Sibyl, and Razumnik-ukaz. The production of this type of medieval literature in the Byzantine-Slavonic commonwealth covers a wide variety of genres, including narrative works, chronicles, questions and answers, and brief oracles. The proliferation of this unique phenomenon of historical and apocalyptic works in medieval Bulgaria has no analogue in other Slavic literatures.
